

Peyton Happenings

by Eileen Gregory • 749-2298

"Miracles happen to those who believe in them."

Clarence and Eileen Gregory hosted the fourth annual picnic for Klee Kai on Sunday, August 21. Once a year they open their home to the Klee Kai and their friends. Klee Kai look like Siberian Huskys only they are very much smaller. One would think that dogs with an average size of 10 to 15 pounds would not take up much space, but with approximately 60 Klee Kai ranging in size from 12 ounces to 20 pounds on the premises, it was a very active day.

Agility equipment was furnished by Darcy McClean's Dog Training Co-op whose trainers teach dog obedience at Colorado Pet and Vet in Colorado Springs. Sandy Howell, (one of their trainers), and Jenny Braithwaite, (who is one of their trainers as well as being employed by Crossroads Animal Hospital near Austin Bluffs and Academy), volunteered the entire day to supervise the agility course.

The Gregorys enjoyed the day, and as the last people left at 9 p.m., they still had enough energy and enthusiasm left to start planning next year's picnic.

Donald and Victoria Nasert of Peyton were fortunate enough to have eight children, (five girls and three boys). They now have six of their eight grandchildren living in this area, which is good as their last child has moved into a home of his own.

It has been commonly accepted that little girls are sweet and cuddly, but watch out for the boys! Well, the three sons dealt their parents a triple surprise during a recent vacation trip to Florida.

David Nasert was to marry Tammy Lamb on August 6th, so

the elder Naserts made flight reservations and scheduled their arrival for August 3rd which would be in plenty of time for the wedding. David and Tammy changed their plans and got married on July 9th so mom and dad missed the wedding. (Surprise number one!)

Another son, Donald, apparently felt that if his parents flew that far to see a son get married, they should not be disappointed. So on August 5th he took them on a cruise, and while on board ship he and his best friend, Cheryl, tied the knot. (Surprise number two!)

The next day, August 6th, their son, Walter, attended the 25th wedding anniversary party that was held for the parents of his girl friend, Lisa. That night he asked Lisa to marry him, she accepted, and they announced their engagement during the party. (Surprise number three!)

No wonder mom and dad decided to make their trip only a week long. Vickie sounds delighted to add the new daughters to the family tree, and looks forward to the wedding of Walter and Lisa in October. They are now home and so happy to be able to relax for awhile, but the boys just asked them to come back to Florida for another visit. Can you blame them for wondering what is in store for them now?

David Nasert was a 1989 graduate of Peyton High School, where he was one of the top football players. He now lives in Orlando and is assistant manager of a Walmart store. We wish him and his bride many contented years together.

Donald Nasert moved to Pinellas Park, Florida, where he will set up housekeeping with Cheryl. With his brothers nearby to offer advice he will no doubt have a good life with his bride.

Eileen Gregory and a Klee Kai put on a demonstration at a recent get-together with Klee Kai dogs and their owners.

Walter Nasert, the youngest of the clan, is a 1993 graduate of Peyton High School and was also one of the top football players. He was chosen to be on the Colorado All Star Team and had playoffs in New Zealand and Hawaii where his team, the Colorado Mountaineers, beat their opponents. Walter lives in Florida, works as a mechanic, and is happily making plans for a future with Lisa.

Our best to this busy family, and now that their last child has left home, may Donald and Vickie have peace without loneliness.

Happy Birthday to Bob Duncan, a long time resident of the Peyton area who soon will celebrate his 90th birthday. He was born August 27, 1904, in Eolia, Missouri, and when he was 15 years old he moved to Colorado where he has enjoyed raising sheep and cattle.

Bob wishes to invite all friends and family to celebrate with him on Sunday, August 28, at 2 p.m. for a potluck dinner outside his home east of Peyton.

I am sure that Bob would like

You've Got To Start Somewhere!
